Social Media Notice

This notice explains how the HIS use social media platforms.

Interacting with us on social media

Your engagement with the HIS via social media is in part governed by the Terms of Service/Use of the relevant third-party social media platform providers, as well as the following Terms and Conditions. HIS has no control over the social media platform providers' Terms of Service/Use, but you are strongly encouraged to read them in addition to those that follow.

Content and Frequency

Our social media accounts are used to communicate and interact directly with you. We use them as an alternative method of sharing the content posted on our Web site, facilitating access to events and services, and providing stakeholders with an opportunity to interact in an informative and respectful environment.

Because the social media platforms servers are managed by third parties, our social media accounts are subject to downtime that is out of the HIS's control. We accept no responsibility for third-party platforms becoming unresponsive or unavailable.

Links to other websites

Following, liking and subscribing

The HIS's decision to "follow", "like" or "subscribe" to another social media account does not imply an endorsement of that account, channel, page or site, and neither does sharing (re-tweeting, liking, reposting or linking to) content from another user.

Comments and Interaction

We welcome your comments on our social media content.

HIS will read comments, and may respond on occasion when appropriate, but does not respond to all comments or discussions. Your comments and contributions must be relevant and respectful.

The HIS will not engage in partisan or political issues or respond to questions that violate these Terms and Conditions.

The HIS reserves the right to edit, remove any comments or contributions, and to block users based on the following criteria:

The comments or contributions:

The HIS reserves the right to report users and/or their comments and contributions to third-party social media service providers to prevent or remove the posting of content that is contrary to these Terms and Conditions.
